

Technical Data Sheet

StoDivers LB 100

Conductive copper tape, tin-plated

Characteristics

Area of application	<ul style="list-style-type: none"> For the connection to the ring line on electrically conductive floor coatings
Properties	<ul style="list-style-type: none"> Self-adhesive
Information/notes	<ul style="list-style-type: none"> Width: 12 mm Length: 16.5 m

Application

Consumption	Execution	Approx. consumption
	loose, width	12 mm, length : 16.5 m

Material consumption depends on the application, substrate, and consistency, among other factors. The stated consumption values are only to be used as a guide. If required, determine precise consumption values on the basis of the specific project.

Delivery

Packaging	Name	Container
	StoDivers LB 100	1 piece

Identification

Product group	Supplementary & Maintenance Products
----------------------	--------------------------------------

Special Notes

The information in this Technical Data Sheet serves to ensure the product's intended use, or its suitability for use, and is based on our findings and experience. Users are nevertheless responsible for establishing the product's suitability and use.

Applications not specifically mentioned in this Technical Data Sheet are permissible only after prior consultation. Where no approval is given, such applications are at the user's own risk. This applies in particular when the product is used in combination with other products.

When a new Technical Data Sheet is published, all previous Technical Data Sheets are no longer valid. The latest version is available on www.sto-sea.com.
